Assisi Hall Science Auditorium- Room 155  
(Central Ave at East Parkway)

[MemphisAstro.org](http://MemphisAstro.org)

- How we traveled all the way to the moon, only to discover the Earth!
- How the Apollo 11 computer said, "Uh! Oh!", but GUIDO said, "GO!"
- How the command, "SCE to AUX" saved Apollo 12.
- Whether we could've reached the moon with today's smart phone.
